

LoveRevolt – fingerless mittens

These are the fifth pair of fingerless mittens based on my basic Revoltpattern. I'm really happy how they turned out. I'll only give you one size for these as I suspect that only girls would like to wear them (stereotypical I know! Wish the world were differently.) They fit my hand (18,5 cm around the knuckles, and they also works well on my ten-year old son, but he said he'd prefer a different pattern ☺).

Material

Yarn: Katia Merino 100 %, 1 ball in each color: Pink #16 (color A) and White nr 1 (color B).

Knittingneedles nr: 4 doublepointed needles 3,5 mm and 4,0

Gauge: 23 m/10 cm.

Size: Woman, (18,5 cm around the knuckles)

Other stuff: 1 marker for beginning of round, scissors, yarnneedle to sew in ends with.

Start:

With color A cast on 40 stitches on doublepointed needles (3,5 mm.), knit ribbing: “knit 1 through backloop, purl 1” for 4,4 cm (15 rounds). I have the work on 3 needles and knit with the forth.

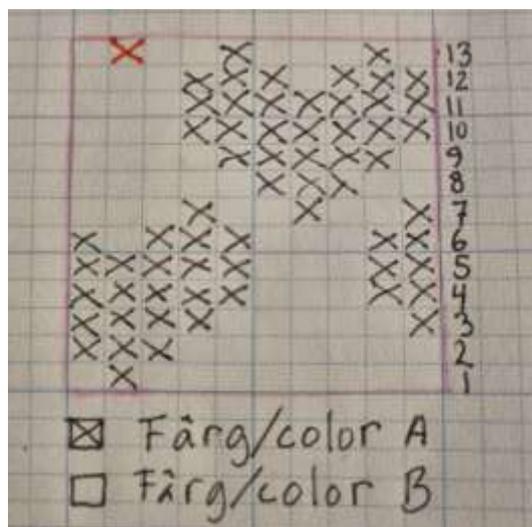

Change to the set of doublepointed needles 4,0 mm and distribute the stitches like this:

Needle 1: 20 stitches.

Needle 2: 10 stitches

Needle 3: 10 stitches

Change to color B and knit one round and then begin following the pattern (only knit):

Read red part below! Follow patternrounds 1-13 one time and 2-13 one time, but on round 13 the second time you should knit the red X with color B.

Knit 1 round with color B.

Knit 1 round with color A.

On round 19 after the ribbing (that is on patternround 6 the second patternround): you should make preparations for the thumb see below section “Preparation for thumb”:

Preparations for thumb:

It's time for preparations for the thumb on round 19 after the ribbing (both sizes).

Right mitten: On needle 2, knit a piece of wasteyarn (preferably in a contrasting color) on the FIRST 8 stitches.

Left mitten: On needle 3, knit a piece of wasteyarn (preferably in a contrasting color) on the LAST 8 stitches.

Don't cut the working yarn, just put the wasteyarnstitches back to their place and continue with working yarn, knitting the 8 stitches again.

After knitting two patternrepeats according to above instructions and knitted one round in each color, it's time to change to knittingneedles 3,5 and knit ribbing "knit 1 through backloop, purl 1" for 10 rounds. (Or more if you like.)

When you're happy with the size, bind off loosely.

Thumb

Time to pull out the wasteyarn and insert knitting needles (size 4,0 mm) in the stitches. I usually insert the knitting needles before I pull out the wasteyarn, just in case. Be careful not to drop any stitches. You should have 16 stitches in total and distribute them on 3 knitting needles. I use a stitchmarker for beginning of round (I get totally lost otherwise).

With color A knit for 6 rounds, change to knitting needles size 3,5 mm and knit ribbing "knit 1 through backloop, purl 1"for 5 rounds.

You might get small holes by the thumb, I sew them shut with some yarn afterwards.

Bind off and sew in all ends.
